

1.

Ing. Dana Jirousková ensures the preparation of the cooperation contract. This agreement is made by the originator of the research and development result (hereinafter referred to as R&D) and the UHK which has exercised the right to such R&D result and undertakes to use reasonable and reasonably foreseeable efforts to commercialise the result.

2.

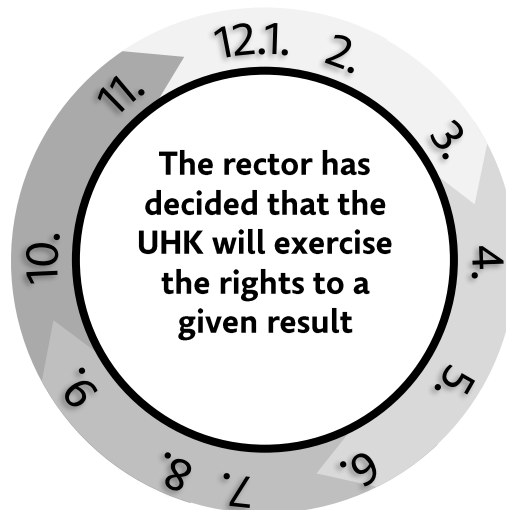

After the exercise of the right to the result by the UHK, especially in cases where this is required by the project, SKTO prepares contracts on the use of the result in cooperation with the originator and the other party. The contract on the use shall regulate, inter alia, the share of the intellectual property rights of the project partners involved. The contract on the use is checked by the Legal Office. The TTO sends the contract to the Register of Contracts.

3.

Ing. Dana Jirousková invites the originator to make the cooperation contracts.

4.

Ing. Dana Jirousková submits the formally and substantively checked contracts and attached documents to the Vice-Rector for Science and Creative Activities for approval.

5.

Contracts and attached documents approved by the Vice-Rector for Science and Creative Activities are handed over by Ing. Dana Jirousková to the Rector's Office for the Rector's signature.

6.

Contracts signed by both parties are forwarded by Ing. Dana Jirousková to the Legal Office for registration in the MAGION system and registered by her at SKTO. The remaining copies are sent back to the originators.

7.

Ing. Dana Jirousková convenes the Council for Commercialisation and submits the results to it for evaluation of commercialisation (in her absence, Ing. Jana Kukáková will represent her).

8.

In the event that the Council for Commercialization decides on commercialization, Ing. Dana Jirousková, in cooperation with the Vice-Rector for Science and Creative Activities, addresses the eligible persons to develop a commercialisation project.

9.

The commercialization project is prepared by eligible persons within 2 months from the moment of the positive decision of the UHK Rector on the exercise of the right to the given result.

11.

The commercialisation project is approved by the Council for Commercialisation which also sets the procedure and other parameters for the preparation and implementation of commercialisation with the expert support of the TTO.

12.

Based on the recommendations of the Council for Commercialization, the UHK Rector decides on fundamental steps and financing of commercialization activities, or on the cessation of commercialization activities.

To be ensured by SKTO
